Hi Kathy and Ruth,

Sorry for missing the deadline on this. I added some edits and a couple comments on page six. Please let me know if you have questions on my input.

Also, I now have a briefing scheduled with Susan Bodine on Monday that conflicts with our call--a briefing that popped up after I indicated my availability on the doodle poll. Sorry I will not be able to join the call.

Subject: for discussion at Monday's 404g rule update meeting

All,

Attached is the latest version of the analytical blueprint. I added sections that were sent to me as of noon today. I know some folks are still working on sections but I wanted to get a draft out today knowing some folks are not in the office Friday.

Monday's call will be spent discussing this draft, ensuring:

- 1) We have captured the big issues to present to senior management
- 2) A discussion on is this the right level of detail for the blueprint, if not what needs to be tweaked?
- 3) Discussion on are we addressing the right issues under each section?
- 4) next steps and workgroup assignments.

thanks again for all your help folks,

Kathy
